#### AGENCY PLAN: STATEMENT OF PURPOSE, BUDGET SUMMARY AND DESCRIPTION

### STATEMENT OF PURPOSE:

The Non-Departmental budget provides funds for activities, which are not the responsibility of any other single agency. Non-Departmental is also the depository agency for General Fund subsidy appropriations for enterprise activities and for a wide variety of General Fund revenues, which cannot be credited to any specific department.

#### AGENCY FINANCIAL SUMMARY:

2007-08		2006-07	2007-08	Increase
Requested		<u>Budget</u>	Recommended	(Decrease)
\$ 239,627,130	City Appropriations	\$ 365,123,055	\$ 361,832,592	\$ (3,290,463)
6,286,000	Capital Appropriations	6,792,000	5,084,000	(1,708,000)
17,541,250	Internal Service Fund	40,275,750	43,719,850	 3,444,100
\$ 263,454,380	Total Appropriations	\$ 412,190,805	\$ 410,636,442	\$ (1,554,363)
\$ 1,067,468,077	City Revenues	\$ 1,093,215,843	\$ 1,126,172,550	\$ 32,956,707
6,286,000	Capital Revenues	6,792,000	5,084,000	(1,708,000)
17,541,250	Capital Reimbursements	 40,275,750	43,719,850	 3,444,100
\$ 1,091,295,327	Total Revenues	\$ 1,140,283,593	\$ 1,174,976,400	\$ 34,692,807

#### NON-DEPARTMENTAL ACTIVITY INFORMATION

### ACTIVITY DESCRIPTION: NON-DEPARTMENTAL ACTIVITIES

This activity provides for the funding of assorted activities, which are not readily assignable to any operating agency. These activities include tax subsidies and advances to other City enterprises, and the Risk Management Fund insurance premium.

The revenue budget provides for the collection of funds, which are not attributable to any one operating agency. These funds include municipal income taxes, revenue sharing (State sales tax), property taxes, and wagering taxes.

### MAJOR INITIATIVES FOR FY 2006-07:

See individual activities within this Agency.

#### **BOARD OF ETHICS ACTIVITY INFORMATION**

#### ACTIVITY DESCRIPTION: BOARD OF ETHICS

The Board of Ethics investigates and resolves complaints regarding alleged violations of the Ethics Ordinance by public servants and to issue advisory opinions regarding the meaning and application of provisions of the Charter, City ordinances or other laws or regulations establishing standards of conduct for public servants. Advisory opinions shall be rendered upon written request by a public servant. Advisory opinions shall be published by the Board annually in a report to the Mayor and City Council. The Board is charged with monitoring and recommending improvements in the disclosure requirements, and in the standards of conduct under the Ethics Ordinance, in order "to promote an ethical environment within City government, and to ensure the ethical behavior of public servants." All meetings of the Board shall be open to the public; unless an individual involved in the matter to be addressed requests in writing that the meeting be closed; or unless otherwise provided by ordinance or by statute.

#### GOALS:

- 1. Receive and respond to inquiries, complaints and requests for advisory opinions.
- 2. Conduct investigations related to conduct of elective officers, appointees and employees.
- 3. Conduct hearings where warranted regarding complaints.
- 4. Issue advisory opinions within the time prescribed by the Ethics Ordinance.
- 5. Publish an annual report.
- 6. Develop educational and training programs for public servants.
- 7. Perform other functions essential to ensure the integrity of City government.

#### MAJOR INITIATIVES FOR FY 2006-07:

- Develop material and information to increase employee and general public awareness of the Ethics Ordinance and its requirements.
- Revise and upgrade the Web Page
- Meet with community groups as requested to educate the public about the existence of the Ordinance and its importance of promoting an ethical environment in City government.
- Develop and conduct employee educational programs regarding the role of the Board of Ethics, standards of conduct, complaints and resolution procedures

### PLANNING FOR THE FUTURE FOR FY 2007-08, FY 2008-09 and BEYOND:

- Revise the Boards Administrative Rules and procedures as necessary in order to implement the Amendments to the Ethics Ordinance.
- Distribute information regarding the Amendments to the Ethics Ordinance and its requirements.
- Continue to review the current Ethics Ordinance in order to make recommendations for improvement.

#### DETROIT CABLE COMMUNICATIONS COMMISSION ACTIVITY INFORMATION

#### ACTIVITY DESCRIPTION: CABLE COMMUNICATIONS AND GOVERNMENT ACCESS

The Detroit Cable Communications Commission ("Cable Commission") was established by ordinance in 1981 to operate as the City of Detroit's local cable/video franchising authority with direct responsibility for the negotiation, administration and regulatory compliance of the non-exclusive Cable Franchise Agreement between the City and Comcast Cablevision of Detroit, and if applicable, other cable or video entrants in the Detroit marketplace.

The daily programming, operation and management of Government Access Channel 10 and Education Access Channel 22 are collateral functions that result from the Franchise Agreement. The goal is to produce and/or import, and broadcast programming that is responsive to the public's diverse information needs and interests about policies, programs and services, etc. The Cable Commission's local access programming which is informative, educational, entertaining and/or newsworthy is typically created and produced for broadcast by the Cable Commission's Media Production Services Division by working with the Mayor's Office, City departments and commissions, City Council and community organizations.

An example of the Cable Commission's commitment to programming excellence is depicted through our roundtable discussion program, *NEXT Detroit*, which examines the challenges, opportunities and successes of Detroit's government and community by focusing on topics such as education, homeland security and family preparedness, health and the budget.

Pursuant to the channel activation requirements of the Franchise Agreement, during Fiscal Year 2006-2007, the Cable Commission successfully obtained the right to activate a fourth access channel (in process as of December 4, 2006) which will be used for government and some educational programming.

Another key administrative and regulatory compliance function involves the permitting of telecommunications providers that seek to obtain access to and ongoing use of the City's rights-of-way for telecommunications facilities. Detroit's telecommunications ordinance and the State of Michigan's Metropolitan Extension Telecommunications Rights-of-Way Oversight Act (2002 PA 48 or "METRO Act") provide the framework for this activity.

Currently, in excess of \$6.5 million is generated annually for the City of Detroit as a result of the Cable Commission's cable and telecommunications regulatory activities. Revenue fluctuates as cable subscribers and telecommunications providers enter and exit their respective markets.

The Cable Commission provides administrative services for the City's Wireless Telecommunications Site Review Committee and as such, has processed \$141,500 in applications from September 2005 through November 15, 2006.

On January 1, 2007 the State of Michigan's new video legislation, the Uniform Video Services Local Franchise Act, PA 480 of 2006 ("the Act"), became effective and immediately invalidated all current cable franchise agreements, which differed from the provisions specified in the Act. Sweeping changes to the historical cable/video landscape include:

- Eliminates locally negotiated cable/video franchise agreements and institutes a "uniform franchise agreement form".
- Restrict the number of public, education and government ("PEG") access channels to those active on the effective date of the legislation.
- Essentially eliminate the requirement for a universal build out of the network by the video/cable providers which will allow for "cherry picking" of customers.
- Eliminate in-kind services and shift technological and financial burdens to the franchising entity or City.
- Establishes a maximum 2% PEG fee.
- Shifts customer services for subscribers from the local level to the State's Public Service Commission.

Comcast of Detroit ("Comcast") filed a uniform video services local franchise agreement form ("Franchise

Agreement") with the City Clerk's office on February 28, 2007, the expiration date of the extended franchise agreement. The Commissioners of the Detroit Cable Communications Commission passed a resolution recommending a 5% franchise fee and the 2% PEG on March 12, 2007. City Council approved a resolution for the same on March 16, 2007.

The City received a Franchise Agreement from AT&T on March 22, 2007. Following procedures established during the processing of the Comcast agreement, the Cable Commissioners passed a resolution regarding the 5% franchise fee and the 2% PEG fee on March 27, 2007.

Estimates suggest that the 2% PEG fee could reach in excess of \$1.2 million.

To date, the Cable Commission continues to work with the incumbent video service provider, Comcast on outstanding issues regarding certain services and obligations.

#### GOALS:

- 1. Improve the Financial Health of the City
  - Work with state officials and new video providers to ensure timely enactment of franchising procedures and accurate processing any related documents.
  - Continue to work towards a Franchise Renewal Agreement between the City of Detroit and Comcast Cablevision of Detroit (if applicable).
  - Realign Cable Commission structure, resources, policies and procedures to with any changes in state and/or federal cable/video legislation.
  - Facilitate the use of cable access channels with City departments to diversity and exploit the television medium as a key communication asset.
  - Facilitate the business development and expansion of the wireless, telecommunications and wireless service providers within the City of Detroit.
  - Work with city and state officials to ensure that Detroit receives appropriate revenue from telecommunications providers' use of the rights-of-way.
- 2. Accelerate Economic And Business Development
  - Work with state officials and new video providers to ensure timely enactment of franchising procedures and accurate processing any related documents.
  - Continue to promote availability and impact of broadcast resources, and work with Mayor's Office, City departments, Council and others to develop and broadcast relevant local programming.
  - Work with telecommunications providers and state of Michigan officials to ensure that telecommunications facilities are properly managed.
- 3. Improve Public Safety
  - Facilitate programming initiatives to enhance programming opportunities and image of public safety organizations (What is important to broadcast from public safety perspective?).
- 4. Improve Key Stakeholder Relationships With Citizens, Employees, City Council And Business Community
  - Continue to consult with the City government organizations to develop strategic programming and to identify potential underwriting opportunities for broadcast communications.
  - Expand access channel programming focus to broader educational community while continuing to partner with the Detroit Public Schools on the development and broadcasting of educational programming.
  - Focus on programming for new access channel, if applicable.

#### MAJOR INITIATIVES FOR FY 2006-07:

The predominate goal is to ensure that the Cable Commission's operational structure, resources, policies, and procedures are aligned with the provisions of any newly adopted state and/or federal cable/or video legislation. As with the adoption and implementation of most new legislation, particularly one as drastic as the one before us, upfront there will be a significant need for legal and compliance services.

Increasing departmental familiarity with and facilitating the use of the Cable Commission's media production and broadcast services remains as a major initiative. The value of the Cable Commission's media production services and its affiliated broadcast capabilities on up to three (3) cable access channels needs to be continuously communicated to City departments in order to ensure that messages about City services, projects, events, accomplishments, news, etc. are regularly and thoroughly covered via the City's broadcast medium. To strategically exploit the use of the City's cable access channels, departments must include media production and broadcast services in plans to communicate important information to affected populations and viewers. When departmental communication plans are inked, the Cable Commission should be viewed as an essential, consistent partner in communicating those messages.

Comcast of Detroit acknowledged that the Cable Commission met its compliance burden for the activation of a fourth access channel, therefore, unless Comcast reneges on its obligation to activate and carry the new access channel on its system, local and imported programming initiatives will be important during the 2007-2008 Fiscal-Year.

#### PLANNING FOR THE FUTURE FOR FY 2007-08, FY 2008-09 and BEYOND:

The Detroit Cable Communications Commission will align its budget, structure and service delivery capabilities and options with decisions made legislatively and administratively.

Although the Cable Commission has partnered with other key stakeholders (e.g. Michigan Municipal League, Mi-Chapter of the National Association of Telecommunications Advisors and Officers (NATOA) and PROTEC)] to aggressively preserve existing municipal rights, funding and services, and to elevate issues (such as build-out requirements and redlining), the future structure and service delivery capabilities may, in part, depend upon enacted legislation.

The City's ultimate communications structure will also impact service delivery related to media production services. Increasing departmental familiarity with and facilitating the use of the Cable Commission's media production services and broadcast capabilities on two cable access channels (currently working on activating a third channel) is key to ensuring that messages about City services, projects, events, challenges, etc are strategically communicated to targeted audiences. Broadcast communications' planning and funding should be a part of each departments' commitment to reaching its constituency. Underwriting opportunities for programming will continue to be examined and exploited whenever possible to help promote relevant programming.

### DETROIT CABLE COMMUNICATIONS COMMISSION MEASURES AND TARGETS

Type of Performance Measure:	2004-05	2005-06	2006-07	2007-08
List of Measures	Actual	Actual	Projection	Target
Inputs: Resources Allocated or Service Demands Made				
Number of community events attended	1	12	12	12
Number of complaints processed	658	430	380	380
Number of mediations completed	2	1	1	1
Outputs: Units of Activity directed toward Goals				
Audits of cable operator	0	1	1	1
Equipment inspections	1	1	1	1
Outcomes: Results or Impacts of Program Activities				
METRO Act Maintenance Fees	\$3,081,210	\$2,773,090	\$2,800,000	\$2,800,000
Cable Franchise	\$4,281,391	\$4,000,000	\$4,000,000	\$4,000,000
Playback on Channel 22 (Educational Channel)	24 Hours	24 Hours	24 Hours	24 Hours
Playback on Channel 10 (Government Channel)	24 Hours	24 Hours	24 Hours	24 Hours
Activity Costs	\$2,545,628	\$1,604,304	\$1,734,917	\$1,935,585

### Explanation

Playback on Channel 10 (day/hours): Represents the number of hours on air (10:00 a.m.-12:00 A.M.) Monday-Friday.

Playback on Channel 22 (day/hours): Represents the number of hours on air (12:00 a.m.-11:59 p.m.) Monday-Friday

Weekend Playback on Channel 10 on Saturday (12:00 noon-10:00 p.m.) 10 hours; Sunday (12;00 Noon- 8:00 p.m.) 8 Hours.

Total: 18 additional hours per week.

#### **DETROIT BUILDING AUTHORITY ACTIVITY INFORMATION**

#### ACTIVITY DESCRIPTION: DETROIT BUILDING AUTHORITY

The mission of the Detroit Building Authority (DBA) is to promote the "Next Detroit" by enhancing City Departments' delivery of world-class service by administering and expediting Capital Improvement Projects. The Detroit Building Authority is primarily responsible for administering capital projects from start to completion in accordance with the Mayor's strategic priorities. Critical functions include encumbering funds through Contracts of Lease; distributing bid documents and request for proposals; issuing contact awards; securing required Human Rights Clearances; advising contractors of the Executive Orders 2003-3, 2003-4 and 2003-5 requirements; preparation and execution of all contract documents; review and approval of contract invoices; actual payment to vendors; monitoring design development and construction for each capital project managed by the DBA. Funds are made available from the city departments' capital improvement budgets as a result of bond sales, capital grants or general funds.

#### **GOALS**:

- 1. Accelerate Economic & Business Development
  - Improve public health through development of city facilities to create a healthier environment for employees and citizens in order to promote the "Next Detroit".
  - Improve business climate by attracting and utilizing Detroit based, Detroit headquartered businesses.
- 2. Improve Public Safety

Manage construction of new and renovated:

- Police Facilities
- Fire Stations
- Health & Wellness Promotion Facilities
- Detroit Department of Transportation
- Federal Aviation Administration Airport Safety Requirements
- 3. Improve City Services

All projects that the Detroit Building Authority undertakes directly or indirectly improves city services via improved work environments for employees as well as the citizens of Detroit.

#### MAJOR INITIATIVES FOR FY 2006-07:

Implement a web based project management application. This is a software tool used to manage multiple projects or single projects in real time. This software allows the user to quickly assess the current status of multiple projects or a single project, to review budgets between project types or locations, to review pictures of the project, to document and exchange information between project members, house electronic copies of contracts and apply electronic signatures. This tool will help to provide a single source repository for project information. This tool can also eliminate redundant work processes thereby, providing more efficient use of staff time. We are currently researching and comparing project productivity software packages from The Skire Company, AutoDesk, Primavera, as well as a Microsoft certified agent.

Other activities managed by software include:

- Payment approval process tracking
- Project milestone and schedule tracking
- Centralized access to information
- Reduce cycle time for decisions and approvals
- Eliminate paper-based communications
- Project scheduling
- Project reporting
- Cost tracking
- Archival functionality

- Continue to implement a DBA pilot program utilizing nationally recognized guidelines to maintain facilities as a capital asset. This methodology known as "Facilities Asset Management" establishes a systematic process for maintaining, upgrading, and operating facilities.
- Contractor Outreach Workshop
  - o Doing Business with the DBA
  - Bonding
- Building Green United States Green Building Council (USGBC) LEED Certification
  - o A green building, also known as a sustainable building, is a structure that is designed, built, renovated, operated, or reused in an ecological and resource-efficient manner.
  - The Leadership in Energy and Environmental Design (LEED) Green Building Rating System™ is the nationally accepted benchmark for the design, construction, and operation of high performance green buildings.

#### PLANNING FOR THE FUTURE FOR FY 2007-08, FY 2008-09 and BEYOND:

The Detroit Building Authority is working with city departments to promote the "Next Detroit" through the implementation of city departments Capital Agenda Plans that have been shared with us. The DBA is working to be proactive versus reactive in the long-term development of their projects.

Major projects the DBA expects during the fiscal year include the following:

Civic Center Department Various Cobo Center Renovations (ongoing)

Detroit Institute of Arts

Master Plan Renovation (ongoing)

Fire Department Engine #48 Expansion Conceptual Design

Health Department Animal Control and Care Facility
Historical Society Museum Renovation Project

Historical Society Historical Fort Wayne Temperature Controls Upgrade
Municipal Parking Department Various Municipal Parking Garage Renovations (ongoing)

Police Department Property Room/Forensic Lab
Public Lighting Department Gardenview Estates Infrastructure
Department of Public Works Gardenview Estates Infrastructure
Water and Sewerage Department Gardenview Estates Infrastructure

Zoological Institute Detroit Zoo Animal holding Improvements/Renovations
Zoological Institute National Amphibian Conservation Center Improvements

#### GREATER DETROIT RESOURCE RECOVERY AUTHORITY ACTIVITY INFORMATION

#### ACTIVITY DESCRIPTION: GREATER DETROIT RESOURCE RECOVERY AUTHORITY

The mission of the Greater Detroit Resource Recovery Authority (GDRRA) provides efficient, environmentally responsible waste disposal service(s) to the residential, commercial, industrial sectors of Detroit. This includes the acquisition, construction, improvement, enlargement, extension and operation of solid waste disposal facilities. The Authority's activities encompass one or more parts of a total waste management system (post collection) including transportation, recoverable materials marketing (recycling), generation and sale of waste derived fuel energy products (steam and electricity), and disposal. The Authority is a component unit, legally separate from the City of Detroit.

#### GOALS:

- 1. Optimize quantity and quality of the facility's waste.
- 2. Optimize quantity and quality of facilities energy products and recovered materials.
- 3. Minimize environmental impacts of Authority's waste management activities
- 4. Maximize utilization of progressive management techniques and technology in performance of Authority business.
- 5. Improve Next Detroit initiatives.

#### MAJOR INITIATIVES FOR FY 2006-07:

Expand clean neighborhood roll-off container program to ten (10) planning clusters.

Optimize non-ferrous metals reclamation.

Expand our new and on-going "Recycle Here" recycling program with the inclusion of our e-waste program that meets the standards of the Department of Environmental Quality.

#### PLANNING FOR THE FUTURE FOR FY 2007-08, FY 2008-09 and BEYOND:

Commence study and evaluation of options and alternatives available to City of Detroit and Authority for future use of the facility for disposal service and utilization of the Authority as an entity.

#### DHRMS-HR PAYROLL PROJECT

#### ACTIVITY DESCRIPTION: DHRMS- HR PAYROLL PROJECT

The DRMS function is merged into the Program Management Office- HR Payroll Project. This office is staffed by two positions: General Manager-Finance and Administrative Specialist I continue support for the Help Desk and facilitate training. In FY 2005-06, a separate organization was established to implement the Program Management – Human Resources Payroll Project and to more accurately monitor the revenues and expenditures of the project. The Program Management – Human Resources Payroll Project is composed of three separate projects. 1) The Workbrain Time and Attendance Software implementation which includes technical and end-user training in the use of the software. This project will standardize the way time is captured throughout the City; 2) The implementation of Oracle Human Resources, Payroll, Advanced Benefits and Self-Service Modules. The implementation of this software will allow the City to gain immediate efficiencies in its Human Resources and Payroll processes which are currently manual, labor-intensive and outdated. It will also replace the City's current Personnel, Payroll System (PPS) which is more than twenty years old; and 3) Oracle technical and end user training. Oracle and Workbrain will be integrated to eliminate redundancy and increase efficiency. This is an ongoing project and funds will be carried forward until the project is completely implemented. Project completion is scheduled for June 2008.

#### MAJOR INITIATIVES FOR FY 2006-07:

- 1. Completion of the project on-time and within budget
- 2. Training all current and retired City employees in the use of the software
- 3. Train City employees to manage software post go-live

#### PLANNING FOR THE FUTURE FOR FY 2007-08, FY 2008-09 and BEYOND

With the implementation of the new payroll system, there is an increased need to maintain all of the Oracle software, provide help desk support and train employees.
